LGMA

Local Government
Management Agency

About the LGMA

The organisation

The Local Government Management Agency (LGMA) is a state agency that provides a range of services and supports to the local government sector. We are an agency of the Department of Housing, Local Government and Heritage, primarily funded by local authorities. Through our work with local authorities and other stakeholders, we support the co-ordinated and effective delivery of local government services and policy.

Our work is guided by the local authorities and geared towards helping them to improve efficiency across their services; to implement change; and, to make use of leading practice from inside and outside the sector.

Working for the LGMA gives you the opportunity to gain experience at the heart of local government and to make a real difference for local authorities and citizens in Ireland.

What we do

The LGMA's work extends across a number of diverse areas in order to meet the changing needs of the local government sector.

- We drive, monitor and maintain shared services projects across the local government sector
- We advise and support on strategy and policy development across the local government sector
- We provide professional Human Resources (HR) and Industrial Relations (IR) guidance, advice and support to local authorities
- The LGMA develops, procures, maintains and provides support for several internal ICT systems in use in the local government sector
- Our Libraries Development section is the national advisor and development agency for public libraries in Ireland
- Our Water Services Transition Office (WSTO) supports the Water Services Reform Programme and the transition of services to Irish Water
- The LGMA provides research and communications support to the local government sector
- We provide programme management and innovation support to local authorities

About WSTO

The Water Services Transition Office (WSTO) was created in 2013 to support the Water Sector Reform Programme.

- It provides support to the CCMA and local authorities in the transition of water services to Irish Water
- It takes an active part in managing the change process
- It works to protect the interests of local authorities and local authority staff

The office represents the sector in a co-ordinated manner, in working with the Department of Housing, Local Government and Heritage, Irish Water and other stakeholders.

WSTO Areas of Work

In 2013 each local authority entered into a 10-year Service Level Agreement (SLA) with Irish Water for delivery of water services.

Each year local authorities go through an Annual Service Plan process with Irish Water where budget, headcount and performance targets are set out.

In 2014 a 3 Year Transformation Plan was agreed between the CCMA and Irish Water and contains 27 individual change projects. Many of these change projects have been completed.

- The WSTO participates in the National SLA Governance group and in the top-level Joint Leadership Team (JLT) along with CCMA representatives and senior managers in Irish Water/Ervia.
- WSTO team members participate in regional SLA management meetings with Directors of Services, in Project Delivery Teams (PDTs) and the Transformation Programme Team (TPT) with Irish Water and Local Authority representatives.
- The work of WSTO is supplemented by input from 4 Regional Directors of Service (Water) who chair the regional SLA meetings and are members of the TPTs and ASP & Budget Group.
- A network of change managers from the water services section of each local authority works closely with WSTO and Irish Water in the transition process.
- WSTO team members are responsible for representing the interests of local authorities, negotiating on behalf of the local authority sector, assisting in the management of change and co-ordination and delivery of communications critical to the change programme.
