# About the LGMA

## The Organisation

The Local Government Management Agency (LGMA) is a state agency that provides a range of services and support to the local government sector. We are an agency of the Department of Housing, Local Government and Heritage, primarily funded by local authorities. Through our work with local authorities and other stakeholders, we support the coordinated and effective delivery of local government services and policy.

Our work is guided by the local authorities and geared towards helping them to improve efficiency across their services; to implement change; and to make use of leading practice from inside and outside of the sector.

Working for the LGMA gives you the opportunity to gain experience at the heart of local government and to make a real difference for local authorities and citizens in Ireland.
