The Organisation

Governance

The Government's 'Action Programme for Effective Local Government – Putting People First', confirms local government as the primary means of public service at local level and identifies the sector as key to promoting local community, social and economic development. The current structure of local government in Ireland comprises 31 local authorities with separate responsibility for the delivery of a wide range of services in their local area with a focus on making their respective towns and cities attractive places to live, work and invest.

These services generally include housing, planning, roads, water supply, local economic development, environmental protection, provision of recreation and amenities and community infrastructure. The Local Government Management Agency is a vehicle of the local government sector, working for local authorities with local authorities.

The LGMA conducts its business in accordance with the rules, regulations and accountabilities which govern State Agencies in Ireland. In that regard a Council of the Board of the Agency has oversight through the Board and its committees. The Council of the Board, comprising the Chief Executives of the 31 local authorities appoint 8 members to the Board and the Minister for Housing, Planning and Local Government can appoint three members. The business of the Agency is facilitated by a series

of sub-committees, detailed below, recognising the obligations of the Performance Delivery Agreement with the Department of Housing, Planning and Local Government.

Strategic Review

In 2018 the Local Government Management Agency engaged in a strategic business review process to develop recommendations for a new target operating model that will better support the existing service delivery. A transitional plan has also been developed to assist the LGMA in achieving its strategic aims and goals. The Design Principles adopted for the strategic business review are:

- Delivering high quality services to the local government sector demonstrating value for money and continuously adapting to the changing needs of the sector.
- Actively supporting the development and implementation of government policy, utilising leading practice from inside and outside the sector and using data as a key enabler.
- Supporting the development of strategic leadership within local authorities to support the formulation and implementation of strategic plans.
- Being the recognised national representative and voice for the local government sector.
- Creating an open and engaging work environment, seen as a key location to develop the skills and experience to support career progression.
- Act as a centre of excellence in the areas within the advisory remit of the LGMA.

The LGMA is currently engaged in the design and subsequent implementation of a new organisational structure to create a new model for delivery of services to its customers. Persons who become pensionable officers of the LGMA who are liable to pay the Class D rate of PRSI contribution will be required, in respect of their superannuation, to contribute to LGMA at the rate of 5% of their pensionable remuneration. All persons who become pensionable officers of the LGMA are required, in respect of the Local Government (Spouses and Children's Contributory Pension) Scheme, 1986, to contribute to the LGMA at the rate of 1.5% of their pensionable remuneration in accordance with the terms of the Scheme.

The successful candidate will be offered the appropriate superannuation terms and conditions as prevailing in the Public Sector, at the time of being offered an appointment. In general, and except for candidates who have worked in a pensionable (non-single scheme terms) public service job in the 26 weeks prior to appointment (see paragraph (d) below), this means being offered appointment based on membership of the Single Public Service Pension Scheme ("Single Scheme"). Key provisions attaching to membership of the Single Scheme are as follows:

a. Pensionable Age

The minimum age at which pension is payable is 66 (rising to 67 and 68) in line with State Pension age changes.

b. Retirement Age:

Scheme members must retire at the age of 70.

c. Pension Abatement

If the appointee was previously employed in the Irish Public Service and is in receipt of a pension from the Irish Public Service, normal abatement rules will apply. However, if the appointee was previously employed in the Irish Public Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivised Scheme of Early Retirement (ISER) or the Department of Health Circular 7/2010 VER/VRS which render a person ineligible for the competition) the entitlement to that pension will cease with effect from the date of reappointment.

Special arrangements will, however, be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.

If the appointee was previously employed in the Civil Service or in the Public Service please note that the Public Service Pensions (Single Scheme and Other Provisions) Act 2012 includes a provision which extends abatement of pension for all Civil and Public Servants who are re-employed where a Public Service pension is in payment. This provision to apply abatement across

the wider public service came into effect on 1 November 2012. **This may have pension implications for any person appointed to this position who is currently in receipt of a Civil or Public Service pension or has a preserved Civil or Public Service pension which will come into payment during his/her employment in this position.**

Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007

The Department of Education and Skills introduced an Early Retirement Scheme for Teachers. It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular documentation, and with those exceptions only, if a teacher accepts early retirement under **Strands 1, 2 or 3** of this scheme and is subsequently employed **in any capacity in any area of the public sector**, payment of pension to that person under the scheme **will immediately cease**. Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted **will not be taken into account** in the calculation of the pension payment).

d. Ill-Health-Retirement

Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

e. Prior Public Servants

While the default pension terms, as set out in the preceding paragraphs, consist of Single Scheme membership, this may not apply to certain appointees. Full details of the conditions governing whether or not a public servant is a Single Scheme member are given in the Public Service Pensions (Single Scheme and other Provisions) Act 2012. However, the key exception case (in the context of this competition and generally) is that **a successful candidate who has worked in a pensionable (non-single scheme terms) capacity in the public service within 26 weeks of taking up appointment, would in general not become a member of the Single Scheme.**

f. Pension-Related Deduction

This appointment is subject to the pension-related deduction in accordance with the Financial Emergency Measure in the Public Interest Act 2009.

For further information in relation to the Single Public Service Pension Scheme for Public Servants please see the following website:

Medical Examination

For the purpose of satisfying the requirement as to health it will be necessary for successful candidates, before being appointed, to undergo at their own expense a medical examination by a qualified medical practitioner to be nominated by the Agency. On taking up appointment, the expense of the medical examination shall be refunded to candidates.

Offer of Appointment

The LGMA shall require persons to whom an appointment is offered to take up such appointment within a period of not more than one month. If they fail to take up the appointment within such

period, or such longer period as the Agency in its absolute discretion may determine, the Agency shall not appoint them.

All appointments are subject to receipt of satisfactory references and candidates may be required to produce documentary evidence of qualifications or experience claimed in their applications.

Secondment

If the person appointed is already an existing pensionable officer of a local authority, Health Board in the State or a serving Civil Servant of the State, arrangements may be made to have that person seconded to the Agency in the first instance.

Probation

Where persons who are not already permanent employees of the LGMA are appointed, the following provisions shall apply:

- (a) there shall be a period after such appointments take effect during which such persons shall hold the position on probation;
- (b) Such period shall be six months, but the Chief Executive may at his or her discretion extend such period;
- (c) such persons shall cease to hold the position at the end of the period of probation unless during such period the Chief Executive has certified that the service of such persons is satisfactory.

Removal from Office

The procedure for the removal of a permanent officer shall be the same as for an officer of a local authority, with the necessary modifications.

IMPORTANT NOTICE

The above represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the successful candidate(s).

Deeming of candidature to be withdrawn

Candidates who do not attend for interview as requested or do not furnish such evidence as requested in regard to any matter relevant to their candidature, will have no further claim to consideration.

Appointments from panels

It is envisaged that a panel of qualified individuals will be established from which future vacancies, should they arise, may be filled. Qualification and placement on a panel is not a guarantee of appointment to a position. Please note that once a candidate has been assigned, they will no longer remain on the panel.

Non-Refund of Expenses

The Agency shall not be responsible for any expenses incurred by candidates in attending for interview.
