About Healthy Ireland

Healthy Ireland is a government funded initiative and is the national strategy aimed at improving the health and wellbeing of everyone living in Ireland. The Healthy Ireland Fund, funded under the strategy is a key enabler of the Healthy Cities initiative. Since 2017, the Department of Health has provided three rounds of funding under the Healthy Ireland Fund. The purpose of the fund is to establish and support the implementation of Healthy Ireland programmes and projects in a variety of settings. Healthy Ireland funding has been allocated across two Strands, Strand 1 focuses on the delivery of local initiatives and Strand 2 funds national actions, including the Healthy Ireland at Your Library Programme.

A new Healthy Ireland Strategic Action Plan (2021-25) has been developed to guide the implementation of Healthy Ireland for the remaining years of the current framework.

Phase four of the Fund commenced in June 2022 and will run to the end of 2025.

Healthy Ireland at your Library

Authoritative, accessible health information is fundamental for individuals to make informed health and wellbeing decisions. As an established community-orientated service providing a safe, welcoming space and staff skilled in health information guidance, the public library is a supportive environment for individuals to improve their health literacy and achieve a greater understanding and application of healthy lifestyles.

The public library culture of cooperation and partnership is particularly valuable in driving locally led, cross-sectoral promotion of health and wellbeing within the community. The

service is also uniquely accessible within the community: free membership and single access to every public library collection was introduced in 2016 and fines were abolished in January 2019.

All 330 public libraries have been delivering *Healthy Ireland at Your Library* since October 2017 and are committed to progressing the programme and the supporting the health and wellbeing of individuals and communities.

The *Healthy Ireland at your Library* programme looks to complement, support and expand existing programmes in the community under the Healthy Ireland national framework and to be fully consistent with the Healthy Ireland's whole-of-Government and whole-of-society approach to improving health and wellbeing and the quality of people's lives.

Healthy Ireland at your Library is delivered through a national framework managed by Libraries Development, Local Government Management Agency (LGMA) and local authorities and supported by the Department of Health and the Department of Rural and Community Development. The framework implements and maintains standardised services and supportive environments to individuals and communities to improve the health and wellbeing of people in Ireland at all life stages.

The *Healthy Ireland at your Library* programme was implemented in autumn 2017. Supporting community and individual health and wellbeing is an objective of the national public library strategy *Our Public Libraries 2022: inspiring, connecting and empowering communities* and will continue to be a priority for public libraries on an ongoing basis.
